# AuthentiCard

## AuthentiCard. Authentic security now available

AuthentiCard is the new CISA system for safe AP3 S and RS3 S cylinder and key duplication.

AuthentiCard includes an electronic card and personal PIN code, necessary to validate duplication requests.

AuthentiCard will inform the customer of every operation by SMS and e-mail.

AuthentiCard allows the existing key duplication log to be checked.

If an AuthentiCard is lost, it can be blocked by visiting a CISA AuthentiCard Solution Partner.

Chip and antenna visible inside the card

## User-friendly, on-line service

Log in to [www.cisa.com/authenticard](http://www.cisa.com/authenticard) and go to the "Customer Access" area to:

- check the log of all duplication operations carried out using your AuthentiCard\*;
- change your PIN;
- enter or change your contact information (mobile number and e-mail) to be able to receive automatic notification.

\*if an AuthentiCard is associated with an AP3 S cylinder, the duplication log will only be available by contacting a CISA Solution Partner.

The CISA AuthentiCard Solution Partner network: professionals trained with the most innovative tools, able to offer duplication services up to the most rigorous CISA standards and support customers in the choice of the most advanced solutions tailored to their specific needs.

## From Security Card to AuthentiCard: natural, straightforward evolution

For those customers who have chosen the highest level of reliability and security by purchasing AP3 S and RS3 S cylinders, CISA has designed a duplication procedure offering the same, unrivaled level of security.

Hand in your Security Card to a CISA AuthentiCard Solution Partner: your new AuthentiCard will be activated in just a few seconds and you will be immediately notified by SMS or e-mail.

## Duplicating has never been safer

Duplicating has never been easier - or safer. Duplicates may only be obtained from CISA AuthentiCard Solution Partners by submitting your AuthentiCard and entering your PIN. Once the operation is complete, you will be informed by SMS or e-mail providing you have registered to our website by submitting the necessary contact information.

### RS3 S

#### The most advanced security and master keying, exclusively by CISA

- Key duplication may only be performed by CISA.
- Snap Resistant cylinder, highly resistant to breaking and extraction.
- High resistance to "bumping" or knocking.

### AP3 S

#### High security, good master keying potential and highly professional, locally based service (through CISA Solution Partners)

- Key duplication performed by CISA Solution Partners and CISA.
- Snap Resistant cylinder, highly resistant to breaking and extraction.
- High resistance to "bumping" or knocking.
