

BENEFITS

SMART

Nuki Opener is the smart retrofit solution for electric locks that can be controlled remotely by an app.

SIMPLE

Nuki Opener is operated by four AAA batteries or with a 5V micro USB and is installed in under 15 minutes.

SECURE

Keep everything under control and manage access permissions for your friends and loved ones at any time.

NUKI ECOSYSTEM

NUKI SMART LOCK 2.0

The Nuki Smart Lock is a modern, smart lock solution that allows you to control your lock from your smartphone.

NUKI BRIDGE

The Nuki Bridge connects your Nuki Smart Lock with the Internet and your Nuki Opener. So you can control and manage them remotely at any time.

NUKI FOB

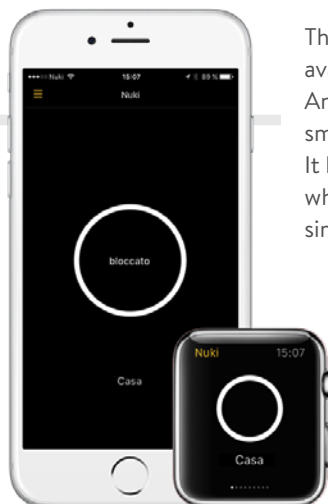

The small, handy Bluetooth key fob allows you to lock and unlock your door, even without a smartphone.

NUKI KEYPAD

With the Nuki Keypad, you can live a completely keyless life and easily open your door with an entry code.

OPEN THE DOOR TO A KEYLESS LIFE

The free Nuki app is available for iOS and Android smartphones and smartwatches. It lets you manage the whole Nuki ecosystem simply and intuitively.

Where security meets technology

WHAT IS NUKI OPENER?

The Nuki Opener turns electric locks into smart entry systems. Together with Nuki Smart Lock, the comprehensive access system allows completely keyless access from the street into your home.

FOR HOMES AND OFFICES

Personalised access rights

Manage home access for your family, friends and baby-sitter on a permanent or recurring basis.

Auto Unlock

When Auto Unlock is turned on, Nuki automatically opens the door when you come home. Your smartphone stays in your pocket and your hands are free!

Access for employees at pre-established times only

Would you like your employees to enter your premises only during working hours? With Nuki Opener and Nuki Smart Lock you can restrict access rights for each individual worker.

FOR B&BS

24/7 check-in and check-out

Tedious key handovers are a thing of the past, thanks to the possibility of checking in and out 24 hours a day, 7 days a week.

Seamless integration

Link your Nuki Web account to your Airbnb account and your guests will automatically receive a digital access code after booking. This code will automatically expire at the end of their stay.

Smart service

Digital access authorisations can be issued for service providers and cleaning staff at any time and from anywhere at the touch of a button.

Full control

If you want, the Nuki app can continuously record who opens the door and when.
